

The International academy of television and radio (IATR) and the Russian Society of Invalids with the support of the Department of Media and Advertising of Moscow will hold in December, 2021 the **XI International festival of electronic media about and for disabled people**

THE INTEGRATION

The main mission of the festival is to attract attention of international, national and regional electronic media to the problems of disabled people and their role in society and to upgrade professional level of journalists who cover their life.

The nominations of the festival:

1. News reports on television, radio or in the Internet.
2. Essays or series of materials, website
3. Documentary, television or radio program, Internet portal.

The festival jury accepts television, radio and Internet materials published in the period **from January 1, 2020 till October 11, 2021.**

Fill in the registration form to participate in the festival and send e-mail: integracia2021@yandex.ru

Please note that television and radio materials should be delivered via internet resources (links) to view and download (file-sharing services with public access) and send to e-mail: integracia2021@yandex.ru

The working language of the Festival is Russian, so the materials should have Russian translation and subtitles.

We are waiting for your materials till October 18, 2021.

The Festival and the award ceremony will take place in Moscow in December, 2021. The creators of the best materials will be awarded with diplomas and prizes.

Coordinators of project – Dmitry Zasluev, and Yana Dorokhova.
